Features

Projector headlights, integrated flashers

TMAX design moves one step closer to the supersport motorcycle world with its aerodynamic body. Slimmer dual LED headlights and front wings with large air intakes as well as boomerang side covers are more TMAX than ever- and lightweight Spin Forged wheels and forged aluminium handlebars underline this sport scooter's premium specification.

Smart Key : keyless operation

With the Smart Key in your pocket, the TMAX is immediately ready to use, and the 2-button main switch is easier than ever to use. This keyless technology allows you to easily and quickly start the engine and unlock the seat and center stand. You can even unlock the stylish recessed aerodynamic fuel cap.

Dynamic and sporty bodywork design

The design of the TMAX with its dynamic aerodynamic bodywork comes one step closer to the world of super sports motorcycles. The sleek twin LED headlights, the front wings with large air intakes and the boomerang side hoods offer more TMAX than ever before. The lightweight Spin Forged wheels and forged aluminium handlebars underline the premium specifications of this Sport Scooter.

Powerful 560cc

The powerful 560 cc engine has a unique and compact design that uses a 360 degree crankshaft with horizontally opposed piston movement for extremely sporty performance. Together with a highly efficient CVT drive system, this delivers exceptionally smooth operation. And to enhance driving pleasure, the carefully designed intake and exhaust systems produce a deep and pure 'tuned' sound that is characteristic of the TMAX!
